

FOUR TRAINS FOR BANKERS

WILL TAKE THE EASTERN AND SOUTHERN MEN WEST.

Special Transportation for Those Who Intend to Attend the Annual Convention in Los Angeles Roundabout Homeward Trip of Nightseeing Planned.

Bankers of the Eastern and Southern States who are planning to visit Los Angeles for the thirty-sixth annual convention of the American Bankers Association have arranged with the New York Central for four trains of the type described as Twentieth Century de Luxe.

The outward journey, starting next Monday, is to be taken by the Southern route with stops at various places, including the Grand Canyon, in southern California and in the big tree forests.

In the return the bankers will be entertained by the Chamber of Commerce in San Francisco and will continue to Vancouver by way of Portland and Seattle. Several days will be consumed going through the Canadian Rockies in the Alberta and Saskatchewan country. With the last leg of the trip through North Dakota and Wisconsin the party will be brought to New York on October 2.

Lewis E. Pierson of New York, president of the association; Lee Melting, Treasurer of the United States; and Lawrence O. Murray, Controller of Currency, will take the trip. President Ladyard Cogswell of the New York State Association and Charles E. Warren, chairman of the committee on transportation, will accompany the bankers.

The journey of 8,100 miles. For convenience the four trains are to be designated by the names of white, blue, red and green. There are to be four baggage cars, four club cars, eight dining cars and twenty-six compartment and drawing room sleeping cars, four of which will be observation cars. Altogether 1,629 railroad employees will contribute their services directly to this trip.

PRIZES FOR GOOD TRACKS.

Pennsylvania Awards for Roadbed Work Along the Line Announced.

Accompanied by a staff of 350 men from the operating department the general manager of the Pennsylvania Railroad finished yesterday at Harrisburg, Pa., the company's thirty-eighth annual track inspection. The regular annual prize of \$5,000 for the best kept divisions was distributed as follows: \$500 to Supervisor George Goldie, Jr., and \$400 to Assistant Supervisor R. R. Nace of the West Philadelphia to Wilmington division; \$500 to Assistant Supervisor S. L. Church of the West Philadelphia to Tullytown division; \$500 to Assistant Supervisor G. R. Simmelon and \$500 to Assistant Supervisor H. A. Church of the West Philadelphia to Coatesville division; \$500 to Assistant Supervisor J. A. Barchard and \$500 to Assistant Supervisor E. C. Sullivan of the Danbury to Longwood division; \$500 to Assistant Supervisor J. F. Fitcher and \$500 to Assistant Supervisor W. W. Hubley of the New Florence to George station section on the Pittsburgh division.

The improvement premium of \$1,000 for the line showing the greatest improvement was awarded as follows: \$500 to Assistant Supervisor H. E. Waters and \$500 to Assistant Supervisor E. F. Evans of the Baltimore to Springfield division.

A feature of the track tests was the observation of the action of water in the high speed tracks. In every case it indicated uneven tracks and was counted against the supervisor of that particular part of the road.

GOETZMANN BANKRUPT.

Assets Mostly Mining Stock of High Face Value and Little Real Worth.

TRUSTEES, Sept. 22. Harry R. Goetzmann, who operated in stock transactions in New York and has his residence at Interlaken, N. J., has filed a petition in bankruptcy in the United States District Court at New York City, claiming assets of \$2,000,000. Included in the assets is stock of a variety of corporations having a par value of \$27,000 and a market value of \$1,000. The Buffalo Jumbo Mining Company is conspicuous in the list.

Mr. Goetzmann has a string of judgment creditors in New York State. They include the estate of Charles E. Jones of Binghamton, Herman W. House of New York City, the Cuyler River Land Company and a number of Byrn Mawr, named Clarkson. Stock transactions figured in most of the liabilities.

ALLEGED DISCRIMINATION.

Complaint Against the Missouri Pacific and Thirty-eight Other Carriers.

WASHINGTON, Sept. 22. The Board of Railroad Commissioners of Kansas, on behalf of F. M. Kaul & Sons, food manufacturers at Glenelder, Kan., today filed a formal complaint against the Missouri Pacific Railroad and thirty-eight other carriers, alleging discrimination and excessive rates. The complaint was filed in the name of the Kaul & Sons, who have a capacity of 200 barrels daily, which is shipped by way of New Orleans to Mexico and Central and South America. The statement is made that on January 1 the carriers increased their rates from 20 cents per 100 pounds to 31 cents per 100 pounds on flour from Glenelder, and the charge is made that this increase is uneconomical as compared with rates from other milling towns in Kansas to New Orleans.

Williams Can't Get a Bridge Contract.

Supreme Court Justice Whitney denied yesterday the application by John Williams, the contractor, for an injunction against the State Senator Frawley, for an injunction restraining Bridge Commissioner Martin from awarding the contract for the Backwater bridge to any contractor other than Williams. The Commissioner has already notified the State and Trust Companies which had \$1,000 more than Williams had bid and reported that the Bridge Commissioner told the Court that he was not permitted to give Williams the contract because Williams has defaulted on other work and there are judgments outstanding against him, one in favor of the State.

Hudson Bay and Pacific Railway.

PRINCE ALBERT, Sask., Sept. 22. The Hudson Bay and Pacific Railway will be completed almost immediately. Work is probably being done by the Hudson Bay and Pacific itself.

It is the substance of a statement made today by George Atwood, chief engineer of the Hudson Bay and Pacific, that the road office in this city.

Illinois State Banks Prosperous.

SPRINGFIELD, Ill., Sept. 22. The State banks in Chicago in the year ended June 30, 1910, made 18.54 per cent on their capital and the State banks of the State made 15.31 per cent. Deposits and general business were good. The State Auditor today showing conditions of the State financial institutions.

Main Railroad Men to Ask More Pay.

SEPTEMBER 22. Demands for higher wages for 75,000 employees of Western railroads will be presented within two weeks. Laborative engineers, trainmen and conductors are the class of employees who desire advances in pay amounting to 10 per cent.

GOSSIP OF WALL STREET.

Satisfaction over the decision in the Minnesota rate case was tempered by appreciation of the fact that the case is still to go to the Circuit Court of Appeals and the United States Supreme Court and that the end of the litigation is far off. Nevertheless the decision was a sustaining force in yesterday's market, and the railroad stocks which advanced most sharply on news of the decision yesterday held their gains very well yesterday.

In the railroad bill the full text of the decision had not been received, favorable comments were everywhere heard of the principles and findings contained in summaries of the case published in the newspapers.

One of the lawyers engaged in the case was quoted as saying that he believed that the decision would be upheld in the higher courts. "If so," he added, "the case will be the end of the controversy. Legislation as applied to railroads, I believe that there is only one fair basis of rate making, that of the valuation of the property employed, and that no large road, the Erie not excepted, is capitalized for anything near the cost of the individual assets of the members. The findings are approved by the Circuit Court and eventually by the Supreme Court they mark the turn in the tide and the resumption of railroad building. It is an announcement that a dollar invested in railroads has the same right to protection as a dollar invested in any other business has."

Prior to yesterday the railroad stocks had advanced uninterruptedly for five days and had gained an average of 2 points. The industrials had not been as strong, sustaining slight declines on two of these five days and gaining less than a point in that time. In that time news and reports of the decision were received directly to the industrialists than to the railroads, consisting principally of unfavorable reports from the steel and copper trades, while the railroads have benefited decidedly this week from the Minnesota rate case.

Cables differed as to the outcome of the meeting of English bankers for reconsideration of the cotton bill of lading question. One of them said that the bankers adhered to their demand that the bills be guaranteed by New York bankers. According to the other cable the bankers had agreed without reaching an agreement, a general meeting will be held for final consideration of the matter, and the members of the committee were of the opinion that a modus vivendi between the foreign and the American bankers would be reached in the long run. The present agreement expires on October 1, but though not much time remains for a compromise bankers here seemed generally of the opinion that a way would be found out of the difficulty.

Western Union was the strongest of the active stocks, advancing 7 1/2 points, and American Telephone and Telegraph and Mackay Companies were also strong. Stocks of Western Union have improved decidedly since the company was taken over by Tel. and Tel. and the arrangement for interchange of business between them seems to have worked to mutual advantage. Generally also the business of the telephone and telegraph lines has improved. It is maintained throughout the business reaction that have the earnings of companies in most other lines.

Panhandle's August statement was similar to that of Baltimore and Ohio, the only other road which has reported both gross and net earnings for the month. Panhandle gained \$30,000 in gross earnings, but only \$5,000 in net earnings. Each of the statements is in general accord with the majority of reports of the big systems for July.

The bond market was again active. Over \$2,000,000 in bonds were sold on the Stock Exchange and bond houses reported that business over the counter was considerably improved. High class bonds are much more active than the lower grades and in bonds begun and activity tends rather more to the high class municipal and railroad issues than to bonds of a special character. In the early part of the year the decline was exactly the reverse. Then a series of new issues, secured and guaranteed by the high class of shifting investments from high class issues of small income return to speculative bonds and other securities promising a higher yield. Security rather than high income sold more to be the dominating consideration now.

MISCELLANEOUS MARKETS.

Coffee Lower, Favorable Crop Rumors.

Pork Lard Provisions Downward.

Cudash Sold.

Coffee prices got a fractional advance yesterday, but the market was rather weak over the lines and foreign exchange was paying for a break in order to establish a lower level for covering. All things considered, however, the market was trading as the offerings were absorbed by leading interests, and the market was rather strong. The market for pork and lard was rather weak, but it was reported that the new crop was much better than recently alleged. The official cable reported improvement in the way of higher temperatures in San Paulo. Brazilian market, however, are higher, and the rate is probable to rise to 15 or 16 cents, and the primary movement continues on a smaller scale than a year ago. Meanwhile warehouse deliveries are liberal and spot markets are firm.

refined phenacite, 15c; refined quartz, 15c; refined calcite, 15c; refined dolomite, 15c; refined magnesite, 15c; refined celestine, 15c; refined strontianite, 15c; refined witherite, 15c; refined barite, 15c; refined cerussite, 15c; refined anglesite, 15c; refined malachite, 15c; refined azurite, 15c; refined turquoise, 15c; refined lapis lazuli, 15c; refined jade, 15c; refined nephrite, 15c; refined jasper, 15c; refined agate, 15c; refined onyx, 15c; refined carnelian, 15c; refined garnet, 15c; refined tourmaline, 15c; refined zircon, 15c; refined alexandrite, 15c; refined tsavorite, 15c; refined andradite, 15c; refined grossular, 15c; refined spessartite, 15c; refined iolite, 15c; refined cordierite, 15c; refined kyanite, 15c; refined sillimanite, 15c; refined staurolite, 15c; refined phenacite, 15c; refined quartz, 15c; refined calcite, 15c; refined dolomite, 15c; refined magnesite, 15c; refined celestine, 15c; refined strontianite, 15c; refined witherite, 15c; refined barite, 15c; refined cerussite, 15c; refined anglesite, 15c; refined malachite, 15c; refined azurite, 15c; refined turquoise, 15c; refined lapis lazuli, 15c; refined jade, 15c; refined nephrite, 15c; refined jasper, 15c; refined agate, 15c; refined onyx, 15c; refined carnelian, 15c; refined garnet, 15c; refined tourmaline, 15c; refined zircon, 15c; refined alexandrite, 15c; refined tsavorite, 15c; refined andradite, 15c; refined grossular, 15c; refined spessartite, 15c; refined iolite, 15c; refined cordierite, 15c; refined kyanite, 15c; refined sillimanite, 15c; refined staurolite, 15c; refined phenacite, 15c; refined quartz, 15c; refined calcite, 15c; refined dolomite, 15c; refined magnesite, 15c; refined celestine, 15c; refined strontianite, 15c; refined witherite, 15c; refined barite, 15c; refined cerussite, 15c; refined anglesite, 15c; refined malachite, 15c; refined azurite, 15c; refined turquoise, 15c; refined lapis lazuli, 15c; refined jade, 15c; refined nephrite, 15c; refined jasper, 15c; refined agate, 15c; refined onyx, 15c; refined carnelian, 15c; refined garnet, 15c; refined tourmaline, 15c; refined zircon, 15c; refined alexandrite, 15c; refined tsavorite, 15c; refined andradite, 15c; refined grossular, 15c; refined spessartite, 15c; refined iolite, 15c; refined cordierite, 15c; refined kyanite, 15c; refined sillimanite, 15c; refined staurolite, 15c; refined phenacite, 15c; refined quartz, 15c; refined calcite, 15c; refined dolomite, 15c; refined magnesite, 15c; refined celestine, 15c; refined strontianite, 15c; refined witherite, 15c; refined barite, 15c; refined cerussite, 15c; refined anglesite, 15c; refined malachite, 15c; refined azurite, 15c; refined turquoise, 15c; refined lapis lazuli, 15c; refined jade, 15c; refined nephrite, 15c; refined jasper, 15c; refined agate, 15c; refined onyx, 15c; refined carnelian, 15c; refined garnet, 15c; refined tourmaline, 15c; refined zircon, 15c; refined alexandrite, 15c; refined tsavorite, 15c; refined andradite, 15c; refined grossular, 15c; refined spessartite, 15c; refined iolite, 15c; refined cordierite, 15c; refined kyanite, 15c; refined sillimanite, 15c; refined staurolite, 15c; refined phenacite, 15c; refined quartz, 15c; refined calcite, 15c; refined dolomite, 15c; refined magnesite, 15c; refined celestine, 15c; refined strontianite, 15c; refined witherite, 15c; refined barite, 15c; refined cerussite, 15c; refined anglesite, 15c; refined malachite, 15c; refined azurite, 15c; refined turquoise, 15c; refined lapis lazuli, 15c; refined jade, 15c; refined nephrite, 15c; refined jasper, 15c; refined agate, 15c; refined onyx, 15c; refined carnelian, 15c; refined garnet, 15c; refined tourmaline, 15c; refined zircon, 15c; refined alexandrite, 15c; refined tsavorite, 15c; refined andradite, 15c; refined grossular, 15c; refined spessartite, 15c; refined iolite, 15c; refined cordierite, 15c; refined kyanite, 15c; refined sillimanite, 15c; refined staurolite, 15c; refined phenacite, 15c; refined quartz, 15c; refined calcite, 15c; refined dolomite, 15c; refined magnesite, 15c; refined celestine, 15c; refined strontianite, 15c; refined witherite, 15c; refined barite, 15c; refined cerussite, 15c; refined anglesite, 15c; refined malachite, 15c; refined azurite, 15c; refined turquoise, 15c; refined lapis lazuli, 15c; refined jade, 15c; refined nephrite, 15c; refined jasper, 15c; refined agate, 15c; refined onyx, 15c; refined carnelian, 15c; refined garnet, 15c; refined tourmaline, 15c; refined zircon, 15c; refined alexandrite, 15c; refined tsavorite, 15c; refined andradite, 15c; refined grossular, 15c; refined spessartite, 15c; refined iolite, 15c; refined cordierite, 15c; refined kyanite, 15c; refined sillimanite, 15c; refined staurolite, 15c; refined phenacite, 15c; refined quartz, 15c; refined calcite, 15c; refined dolomite, 15c; refined magnesite, 15c; refined celestine, 15c; refined strontianite, 15c; refined witherite, 15c; refined barite, 15c; refined cerussite, 15c; refined anglesite, 15c; refined malachite, 15c; refined azurite, 15c; refined turquoise, 15c; refined lapis lazuli, 15c; refined jade, 15c; refined nephrite, 15c; refined jasper, 15c; refined agate, 15c; refined onyx, 15c; refined carnelian, 15c; refined garnet, 15c; refined tourmaline, 15c; refined zircon, 15c; refined alexandrite, 15c; refined tsavorite, 15c; refined andradite, 15c; refined grossular, 15c; refined spessartite, 15c; refined iolite, 15c; refined cordierite, 15c; refined kyanite, 15c; refined sillimanite, 15c; refined staurolite, 15c; refined phenacite, 15c; refined quartz, 15c; refined calcite, 15c; refined dolomite, 15c; refined magnesite, 15c; refined celestine, 15c; refined strontianite, 15c; refined witherite, 15c; refined barite, 15c; refined cerussite, 15c; refined anglesite, 15c; refined malachite, 15c; refined azurite, 15c; refined turquoise, 15c; refined lapis lazuli, 15c; refined jade, 15c; refined nephrite, 15c; refined jasper, 15c; refined agate, 15c; refined onyx, 15c; refined carnelian, 15c; refined garnet, 15c; refined tourmaline, 15c; refined zircon, 15c; refined alexandrite, 15c; refined tsavorite, 15c; refined andradite, 15c; refined grossular, 15c; refined spessartite, 15c; refined iolite, 15c; refined cordierite, 15c; refined kyanite, 15c; refined sillimanite, 15c; refined staurolite, 15c; refined phenacite, 15c; refined quartz, 15c; refined calcite, 15c; refined dolomite, 15c; refined magnesite, 15c; refined celestine, 15c; refined strontianite, 15c; refined witherite, 15c; refined barite, 15c; refined cerussite, 15c; refined anglesite, 15c; refined malachite, 15c; refined azurite, 15c; refined turquoise, 15c; refined lapis lazuli, 15c; refined jade, 15c; refined nephrite, 15c; refined jasper, 15c; refined agate, 15c; refined onyx, 15c; refined carnelian, 15c; refined garnet, 15c; refined tourmaline, 15c; refined zircon, 15c; refined alexandrite, 15c; refined tsavorite, 15c; refined andradite, 15c; refined grossular, 15c; refined spessartite, 15c; refined iolite, 15c; refined cordierite, 15c; refined kyanite, 15c; refined sillimanite, 15c; refined staurolite, 15c; refined phenacite, 15c; refined quartz, 15c; refined calcite, 15c; refined dolomite, 15c; refined magnesite, 15c; refined celestine, 15c; refined strontianite, 15c; refined witherite, 15c; refined barite, 15c; refined cerussite, 15c; refined anglesite, 15c; refined malachite, 15c; refined azurite, 15c; refined turquoise, 15c; refined lapis lazuli,
